Do you want to run or save **TeamViewer_Host_Setup.exe** (12.7 MB) from **customdesign.teamviewer.com**?

Run

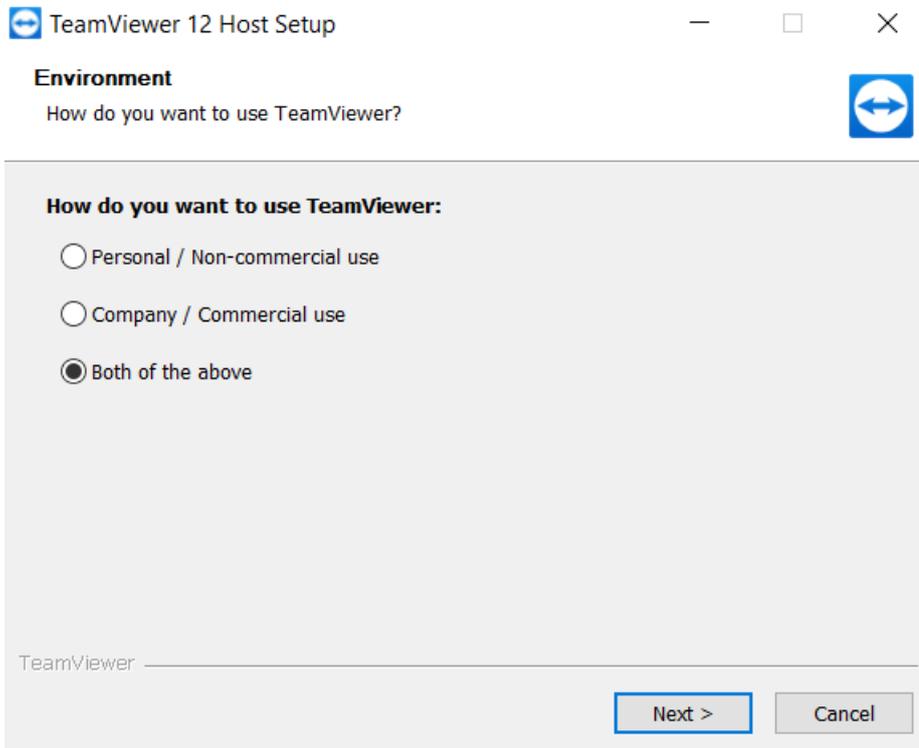

Save ▼

Cancel

Step 2 – Click Next>

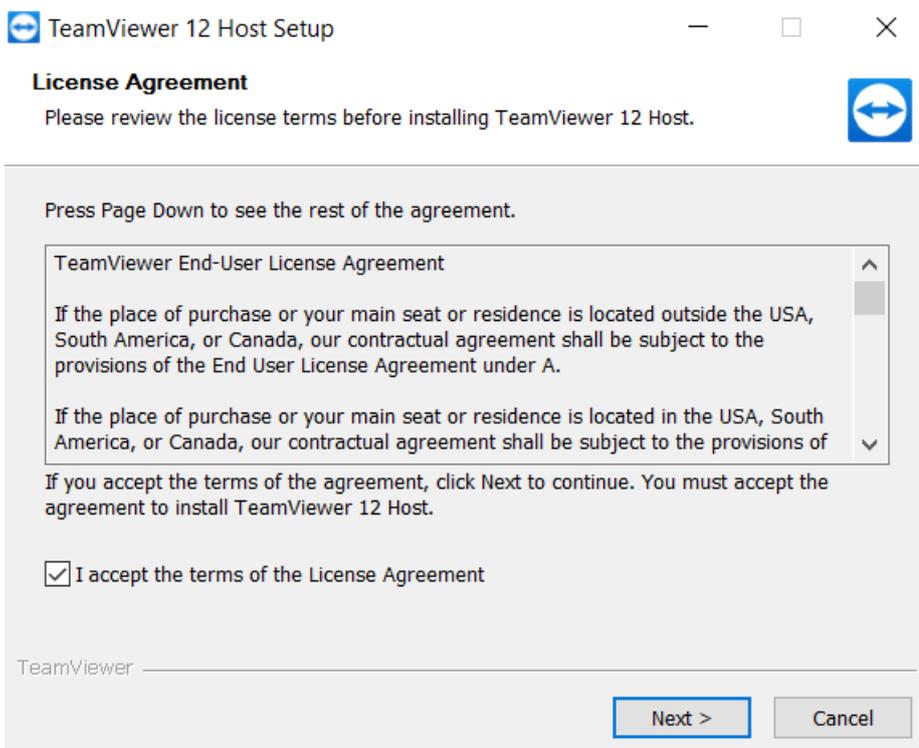

Step 3 – Select Both of the above if you need to use Teamviewer for business or personal use, Click personal/non-commercial use if you are going to use Teamviewer yourself (non commercial) or if the only person using the connection is RDCS – Click Next>

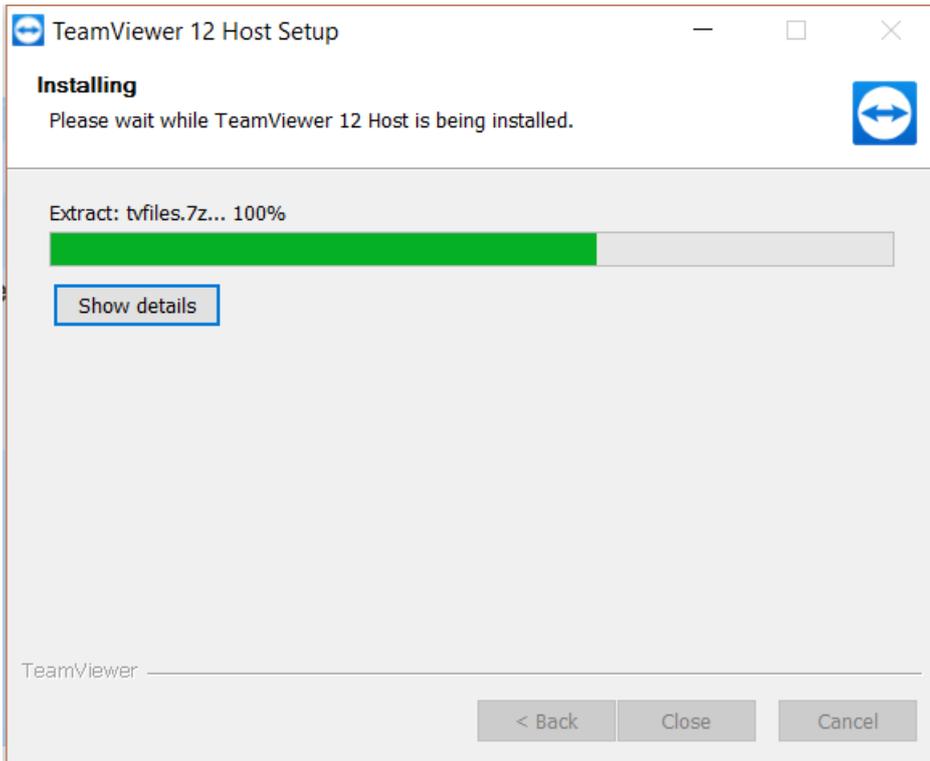

The screenshot shows the 'Environment' step of the TeamViewer 12 Host Setup. The window title is 'TeamViewer 12 Host Setup'. Below the title bar, the text reads 'Environment' and 'How do you want to use TeamViewer?'. There are three radio button options: 'Personal / Non-commercial use', 'Company / Commercial use', and 'Both of the above'. The 'Both of the above' option is selected. At the bottom right, there are 'Next >' and 'Cancel' buttons.

Step 4 – Tick the box 'I accept the terms of the Licence Agreement'. There will be another box to tick if you select personal use is the previous window – Click Next>

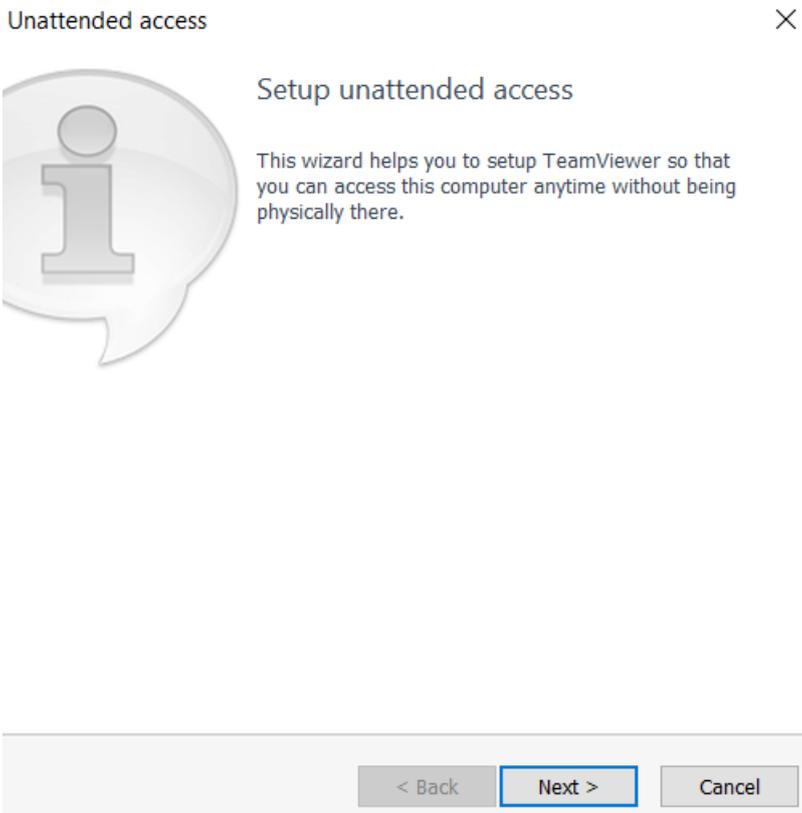

The screenshot shows the 'License Agreement' step of the TeamViewer 12 Host Setup. The window title is 'TeamViewer 12 Host Setup'. Below the title bar, the text reads 'License Agreement' and 'Please review the license terms before installing TeamViewer 12 Host.'. The main content area contains the text 'Press Page Down to see the rest of the agreement.' followed by a scrollable text box containing the 'TeamViewer End-User License Agreement'. Below the scrollable text box, there is a checkbox labeled 'I accept the terms of the License Agreement' which is checked. At the bottom right, there are 'Next >' and 'Cancel' buttons.

Step 5 – Installer runs

Step 5 – Once the installer complete the Unattended Access window opens – Select Next>

Step 6 – Enter a password then confirm (make a note of the password for your records*). Contact RDCS and inform them of the password you have used. This can be used along with your ID if you need to connect to your PC.

Note: The password can be changed later if required.

Unattended access - Step 1 of 2 ×

Define personal password

Set a name and a personal password for this computer.

To grant RDCS Ltd easy access we will be able to log into your PC without a password – the connection is secured digitally to our Teamviewer account. To grant easy access – right click on the teamviewer logo on the toolbar – select Options – security – tick the box – ‘grant easy access to RDCS Ltd’. You can disable easy access or change your password at any time.
